

Zest series

Chromcraft Zest seating is the next generation of public seating. Zest comes in a scale that allows specifiers to maximize space requirements with multiple frame and table configurations. Zest provides ultimate comfort with its suspended inner seat and back. Zest provides singles, doubles, and triples, center arm versions, along with center support leg and multiple table configurations.

- Layout possibilities are practically endless with personal, radius angle and corner tables for both standard and Bariatric style seating.
- Zest chairs can be ganged with singles, doubles, triples or Bariatric units to create the perfect setting for any waiting area.
- Zest chairs are generously proportioned with a standard seat width of 20 $\frac{3}{4}$ ".
- Zest seats are hybrids as they utilize an internal suspension system attached to a 5 ply plywood perimeter style seat board with molded Ultrafoam™ added for ultimate seating comfort.
- Zest Bariatric seating is a full 30" seat width between the arms and it is load tested in excess of 750 lbs.
- Zest backs are supported by a unique mesh inner support material from Teknit® which is breathable and provides unmatched comfort.
- One half inch of soft resilient foam is sewn to the inner back cover for added comfort.
- Seat and back covers are fully field replaceable.
- Zest provides a choice of black polyurethane arms or wood arms which are both field replaceable.
- Each multiple seat version is available with or without half center arms, and with or without center shared support legs.
- Each unit provides a wall saver frame which protects the end-users walls and the chairs fabric.
- Frames consist of welded tubular steel in the following dimensions: 1 $\frac{1}{4}$ " 16 gauge legs, 1 $\frac{1}{4}$ " 13 gauge front and rear stretchers, 1" 14 gauge back frame and $\frac{3}{4}$ " 14 gauge seat stretchers.
