

Inspire series

Designed by Bob Wilson the Inspire chair has options and looks that are second to none. Inspire has become an instant "inspiration" with its striking appearance,

updated features and terrific price points. The Inspire is ergonomically correct with its unique one piece fan shaped back and dual density foam. The best

part of Inspire has to be the multiple arm options! You can choose from four different arms to customize your offering. The arms are available in the following varia-

tions; one piece arm units for the best price point, a urethane insert for added comfort, an upholstered insert to customize the chair or with a wood insert to

compliment the décor. Just think of the possibilities. Inspire utilizes a hidden zipper that enables the use of a one piece fan shaped back for a classic look

and fabulous price point. The Inspire series with its clean lines, the four arm options, the comfort and quality make it an ideal solution for corporate environments,

higher education and hospitality applications. Inspire is available with two base styles, a poly style base provides the best price point and a metal base with wood

base caps to personalize to your décor. Inspire offers two mechanism offerings one is a swivel tilt mech or an upgrade knee tilt type mechanism. Inspire is

standard with a Class IV pneumatic cylinder and 55mm heavy duty casters. Dual density foam in the Inspire seat and back provides increased comfort and ergonomic

support along with unparalleled weight distribution which relieves potential pinch points. The Inspire features a waterfall seat front for increased comfort and

less fatigue. The Inspire consists of a quality nine ply ½" plywood seat and a seven ply ½" plywood back. Guest chair frames consists of 1¼" 16 gauge steel legs and 1"

14 gauge stretchers for added strength and durability. Make Inspire your next seating choice.
